

Product / Services stories From AAA Sexy Floors Australia

2 MAY 2007

At Sexy Floors we encourage you to use your imagination or ours, to design a concrete coating floor that will stand out in a crowd. Whether you are rejuvenating an existing floor or undertaking a brand new fit out call us for our expert advice on creating a masterpiece just for you. Designer floors that will be non-slip, easy to maintain, and environmentally friendly.

AAA Sexy Floors can estimate and specify any Commercial, Industrial and Domestic project within Australia.

CLASSIC BLACK

Our designer sexy floor of classic black combined with gorgeous pink and sheer black accessories, is very sexy.

This seamless floor was recently completed for Wayne Cooper's new store in Brisbane's Wintergarden. Wayne's creative and brilliant designs are sumptuous and sensual, so the fit out had to reflect this.

Urban Interior was commissioned to undertake the fit out. They deliver a highly personalised service for interior design and construction projects with innovative and creative designs.

SHOWROOM

Like black, white is always fashionable and enduring. The smooth fresh look of this epoxy floor shows the sophistication of keeping it simple.

From showrooms to warehouses, you need a safe, reliable and long-wearing floor; at Sexy Floors we can meet your requirements.

Our seamless floors meet Australian standards for slip resistance and resist marking and staining.

FLOOR ART

'If it's not a Sexy Floor it's not an original.'

When it comes to designer epoxy floors you can rely on our years of experience to deliver a floor that can help reveal who you are and convey the impression you want to give.

This original floor was created for Crave, a new salon located at Underwood Markets shopping centre Brisbane.

The furnishings have to be added but we couldn't wait to show this one off.
